

# Kindergarten Education Scheme

## School-based Learning Activity of Chinese Culture

### Display Form

Melody Anglo-Chinese Kindergarten and Nursery

Name of School

2024-2025

School Year

K1-K3

Grade Level

### Name of Activity

Become a Little Chinese Medicine Practitioner

### Objective(s)

- Introduce young children to another aspect of traditional Chinese cultural knowledge
- Introduce young children to the concepts of Traditional Chinese Medicine, including its practices and the use of herbal remedies

### Brief Descriptions:

This activity gives young children a basic understanding of Traditional Chinese Medicine and herbal remedies. They will have the chance to dress up in TCM costumes from different historical periods for role-play, learn to identify various medicinal herbs, and enjoy the fun of making mosquito-repellent sachets.

### Record of Activity (E.g. Children's Work / Photos / Videos of the activity)
